

**DIGITAL CAMERA WORKSHOP**  
**with Judy McCleery of Vivid Visions Photo-Graphics**

That little digicam in your pocket or purse sure is handy to have at the ready whenever that Kodak moment arrives, but even the simplest cameras can seem intimidating with all of those buttons, dials, and mysterious looking icons. It's hard to know which button deletes, and which activates the flash. Southold based digital photo guru Judy McCleery will lead a morning workshop to help you understand your camera so you can make the most of its special features. Bring your camera, your instruction manual, and a fully charged battery and empty memory card so you can practice the techniques you will learn right away.

**SATURDAY, APRIL 10**  
**10:00 A.M. – 1:00 P.M.**

**COST:**

**RESIDENTS:** \$12/person

**NON-RESIDENTS:** \$15/person

**LOCATION:** Southold Town Recreation Center

**CAMERAS, COMPUTERS AND CYBERSPACE-DOWNLOADING...**  
**ARCHIVING AND SHARING YOUR DIGITAL PHOTOS**  
**with Judy McCleery of Vivid Visions Photo-Graphics**

Digital photography is literally changing how we capture, share and preserve images, but it can be intimidating to the uninitiated. If you're ready to make the leap from film to digital, but wouldn't know the difference between a megapixel and a megabyte, then this course is the place to start. Local photographer Judy McCleery of Vivid Visions Photo-Graphics will show you how to move your images from your camera to your computer to your printer or online gallery. This four-week course will discuss the best practices and software applications for storing and preserving your image files, making prints of your favorites, and sharing by email or online web posting, even how to optimize them for use in online auction sites like eBay. This course is perfect for beginners who are comfortable using a computer and mouse. This will be a lecture/demonstrations class, but students may bring their own laptops if they wish to follow along.

**APRIL 6 – 27**  
**TUESDAYS, 7:00 – 9:00 P.M.**

**COST:**

**RESIDENTS:** \$40/person

**NON-RESIDENTS:** \$50/person

**LOCATION:** Southold High School, Room #106

## **INTRODUCTION TO THE DIGITAL DARKROOM - CORRECTING EXPOSURES, RETOUCHING AND GETTING CREATIVE WITH YOUR DIGITAL PHOTOS**

Feed your muse by getting creative with your digital photos. Developing your photos in the digital darkroom (your computer) can take you from the simple to the sublime. Local photographer Judy McCleery of Vivid Visions Photo-Graphics will use Adobe Photoshop Elements to show you the basics of image enhancement—correcting exposure, removing red-eye, and other simple retouching techniques to make your photos pop. You'll also get your feet wet on some advanced creative techniques to make those pictures sing. This course is ideal for digital photographers comfortable with managing their photo archives and are ready to make the most of their personal style. **This will be a lecture/demonstration class, but students are strongly encouraged to bring their own laptops if they wish to follow along with their own project.**

**MAY 4 – 25**

**TUESDAYS, 7:00 – 9:00 P.M.**

**COST:**

**RESIDENTS:** \$40/person

**NON-RESIDENTS:** \$50/person

**LOCATION:** Southold High School, Room #106
