

COUNTRY LINE DANCING
with Jim and Betty Christy

The basic beginner class is designed for brand new dancers. If you have "two left feet" but have always wanted to country line dance, this is the class for you. Instruction will include basic line dance steps and all dances taught will be reviewed frequently. Bring your friends and join the fun! Line dancing provides great exercise.

The Beginner Plus Class is an extension of the Basic Beginner Line Dance class. Participants will learn slightly more advanced dances - nothing complicated, just fun. We encourage you to take the Beginner Class if you are just starting line dancing, and Beginner Plus if you know basic line dancing steps.
