

LET'S SEW TOGETHER
with Linda Eckert

If you enjoy sewing and would like to get together with other sewers in a relaxed and friendly atmosphere, this course is for you! (Knowledge of operating your machine and basic sewing skills are needed).

Bring your machine and supplies to class and you'll be given a choice of several projects to work on. Some of the possible projects are a tote bag (design your own from six variations), and a simple window treatment. You are also encouraged to work on your own project--maybe something for the holidays-- and get help/advice from Linda, who is a trained sewing educator.

Part of each class will be devoted to improving your sewing skills. This fall we will be learning how to improve our sewing skills by using and experimenting with the many specialty presser feet that are available for our machines.

Class size is limited so early registration is strongly recommended. A \$10 materials fee will be collected the first class.
